Forecast for Tuesday 22 Mar 2022

Weather: Some scattered cloud at times overnight but generally a dry and sunny day ahead on Tuesday with good views likely.

Chance of cloud-free hill tops above 800m: Nearly 100% chance with all cloud above the summits of the fells, perhaps a patch or two around southern summits in the afternoon but otherwise clear.

Low cloud and visibility: As above, the odd patch around southern summits but otherwise no low cloud expected and very good visibility throughout.

Mountain Weather Forecast

Ground Conditions Supplement

Date: Monday 21 March. Location: Blencathra summit at 11:30 . Full report: summits than down in the valleys, plenty of sunshine but a lot of haze restricting the views. The fells and paths are now snow-free up to and including the highest summits, apart from a few small patches of old snow that are generally found on steep north and east-facing slopes above 900m. This old snow is still present around the exits to Striding and Swirral edges, however, with careful route choice, both can be done without setting foot on snow. Temperature: plus 10.2C. Maximum wind speed 4.3 mph. Wind chill: Plus 10.2 C. Average wind speed: 2.5 mph.
